## WHISTLES SHRIEK, CANNONS ROAR WELCOME TO PRESIDENT AS VESSEL ENTERS HARBOR

President Once More Safe on American Soil After Long Absence in France.

ESCORTED BY WARSHIPS

Great Throng Gives Rousing Welcome to Wilson—Prominent Officials Present.

(By Associated Press)

New York, July 8. — Escorted by a fleet of warships the transport George Washington bringing President Wilson home from France passed quarantine and moved on to New York harbor at 1:30 p. m. today.

As the transport passed Fort Hancock the guns boomed a presidential salute echoed ten minutes later by Fort Hamilton and Fort Wadsworth. The shrill whistles of harbor craft took up the din.

The President and Mrs. Wilson stood on the bridge of the George Washington as the vessel steamed up to her pier at Hoboken, convoyed by destroyers and welcoming craft of all descriptions. The rails of the transport were lined with returning soldiers cheering and waving their caps.

The battleship Pennsylvania bearing five members of the President's cabinet, Daniels, Baker, Lane, Glass and Wilson, led the way, followed by the Oklahoma with the George Washington at her stern.

The George Washington docked at 3:10 p. m. President Wilson stood on the bridge with his wife and Admiral Grayson, his personal physician, smiling, bowing and waving in acknowledgment of the cheers which greeted him.

As the transport swung into the pier the President seemed to recognize his daughter, Mrs. Wm. G. McAdoo and Mrs. Francis B. Sayre, who were leaning far out an upper window in the higher building.

In recognition of the salute of the assembled warships the George Washington broke out hundreds of signal flags and was a blaze of color when she docked.

On the pier to meet Mr. Wilson was Vice President Marshall, members of his cabinet and scores of prominent government officials.

An army band stationed on the end of the pier played the Star Spangled Banner as the ship swung up to the dock.

When the ship was made fast the first to cross the gang plank were the President's daughters who arranged by wireless last night to greet their father. The greeting with the daughters

COWGIRL DELIVERS IMPORTANT MESSAGE TO GOVERNOR ROBERT CAREY OF WYOMING

Mrs. Jack Elliot on her way up capitol steps to see Governor Carey.

Without troubling to dismount, Mrs. Jack Elliot, a well known cowgirl of Wyoming, dashed up the steps of the Wyoming state capitol and delivered a message to Gov. Carey. She was a request from a committee of Wyoming girls that the model for the much discussed "Miss Wyoming" figure for the 1920 state fair poster be selected from among the girls of Wyoming only.

over the President resumed his role as chief executive of the nation and commander-in-chief of the army and navy.

### UNCERTAINTY CAUSED DELAY DECLARES HARE

Great Stores of Food for Army Awaiting Sale.

Washington, July 8.—C. W. Hare, director of sales of the War Department, told a sub-committee of the House war investigating committee today that difficulty in determining the size of the army and obtaining the use of men for handling the stocks caused five months' delay in placing surplus army food stuffs on sale.

These stocks now include \$50,000,000 worth of meat and \$100,000,000 worth of canned vegetables.

Mr. Hare was the first witness called by the sub-committee which is authorized to investigate wartime expenditures of the Ordnance department.

Automobile Club Presents Numerous Signed Petitions.

Preliminary Legislation will be Enacted Thursday Evening.

New Streets in Business Sections to Be Finished This Summer.

Committee Appointed to Gather Data on Light Company Request.

Other Matters of Importance Disposed of at Session.

As a result of action started in Council Monday night, there is every indication that before snow falls the seven squares of up-town streets which have been in such deplorable condition the past few years will be resurfaced with asphalt and made beautiful and durable.

The action, inaugurated and backed by the Fayette County Automobile Club, and regarded as one of the most progressive pieces of work for the benefit of the city generally that has been taken up by council in a number of years, is to receive prompt attention at a session of council to be held Thursday night of this week, when preliminary legislation will be taken up and, it is believed, will be passed.

For several days live wire members of the Automobile Club have been at work obtaining signatures to petitions for resurfacing the streets in the up-town district, with the result that more than two-thirds of the property owners readily affixed their names and urged action as soon as possible.

The petitions, which were presented by Attorney C. A. Reid, call for the resurfacing with asphalt of Court street, from Hinde to North; Main street from the Pennsylvania railroad to Market street, and Fayette street from East to Market, and that

"so much of the entire cost and expense thereof as may, be lawfully assessed upon the adjacent, contiguous or other specially benefited lots and lands abutting and abutting upon said streets."

In presenting the petitions it was stated that the improvement sought was a matter of great public concern, and should be brought about as speedily as possible for the benefit of the city and business interests; that if the financial condition of the city did not warrant improving the streets by allowing the city to pay a liberal part of it, that the improvement was wanted even if the smallest minimum allowed by law was paid by the city.

Expressions of approval were heard from various councilmen, and as no resolution had been prepared, a motion by Veal that council meet Thursday night of this week for the purpose of passing the preliminary resolution, was carried unanimously.

It was stated that speedy action should be taken so that the legislation could be enacted and the two to three months time necessary before actual work could begin would then permit of the improvement before cold weather, and the streets would be placed in ideal condition in the badly neglected up-town district.

## SEE FIGHT AHEAD FOR DRY BILLS

Prohibition Enforcement Given Right of Way in House Tuesday Afternoon.

FESS SAYS TO GET BUSY

Representative Pou Declares Changes Must be Made or He Will not Give Support

(By Associated Press.)

Washington, July 8.—By a vote of 235 to 59 the House today adopted a resolution providing for the immediate consideration of prohibition enforcement legislation as recommended by the Judiciary Committee and limiting general debate to 12 hours.

The resolution was passed after a sharp debate and after a previous roll call had developed that a quorum was not present, absent members were summoned.

House leaders expect a vote will be reached either Friday or Saturday, after a bitter fight.

General debate will end Thursday and then the measure will be taken up for amendment.

(By Associated Press)

Washington, July 8.—Prohibition enforcement legislation as framed by the Judiciary Committee was made a special order of business in the House today by the Rules Committee with an agreement that general debate should not exceed 12 hours.

When the bill was laid before the House by the Rules Committee there were indications that a bitter fight would be made on the measure.

Representative Pou, Democrat, of North Carolina, said the prohibition measure made "everything a crime" and that unless it was amended in several particulars "troubles would begin as soon as it goes on the statute books."

Representative Fess, republican, of Ohio, said the measure should be passed as soon as possible.

"Without legislation to enforce wartime prohibition," he said, "it soon will become as much of a dead letter as the 14th amendment."

## WILSON'S SHIPS SIGHTED EARLY

New York, July 8.—The transport George Washington, bearing President Wilson and party, was reported 8 miles southeast of Ambrose lightship at 9:55 a. m.

She was being led by two destroyers and one battleship and followed by two destroyers.

RETURNS TO BEGIN DUTIES AS HEAD OF WAR COLLEGE

Maj. Gen. James W. McAndrew.

Major General McAndrew has arrived in Washington from overseas to assume his new duties as head of the army war college. He formerly was General Pershing's chief of staff. He is the first officer, of high rank at least, to return from France wearing four overseas service chevrons, denoting two years of active duty abroad during the war.

## HOGS TOUCH \$22.60 ON CHICAGO MARKET

Chicago, July 8. — (Associated Press)—Breaking of high price records continued today in the hog market. Values climbed to \$22.60 a hundredweight, an upturn of 10 cents compared with the latest previous record.

Nearly every day during the last week has witnessed a new apex. Prospective food demand from Europe is the reason most frequently given.

Statement of Lloyd George Given Weight.

(By Associated Press)

Paris, July 8.—The agreement reached by the allied council that the trial of former Emperor William should be held in London, as announced by Premier Lloyd George in the House of Commons last week, was a tacit one, but from American sources it was learned late today that the agreement was regarded as binding.

What purports to be an authentic account of the incident in the council upon which the British Premier based his statement has become available from a reliable source.

Washington, July 8.—Postmaster General Burleson Monday invited employees and managers of Pacific coast telephone companies to submit their differences, which have resulted in a strike, to the wire control board for arbitration.

## CONGRESS AGAIN BACK ON THE JOB

Prohibition Enforcement Legislation to be Taken Up Without Further Delay.

RECONSTRUCTION WORK

President's Appearance Thursday the Chief Feature of This Week's Session.

(By Associated Press.)

Washington, July 8.—The Sixty-sixth Congress, called in special session by President Wilson seven weeks ago, began a new chapter when it convened today after a week's recess.

Having passed all of the appropriation bills carrying funds needed for the fiscal year, leaders planned to begin work at an early date on the reconstruction legislation made necessary by the change of the country from a war to a peace basis; while in the Senate, the next few months at least are expected to be given over largely to consideration of the German peace treaty and related subjects.

The appearance before the Senate Thursday of President Wilson to explain the peace treaty and its League of Nations covenant and the Franco-American agreement in the opinion of senators eclipse all other matters on the Senate program for the week.

In the House, activity this week will center on committee work, with the exception that legislation for enforcing prohibition probably will be called up for consideration on the floor.

Investigation of War Department expenditures will be continued during the week by sub-committees, while work on some phases of merchant marine legislation will be undertaken by sub-committees of the Merchant Marine Committee.

Tentative plans of House leaders called for the prohibition enforcement legislation to be given the right of way in the House beginning today, but its supporters were uncertain whether these plans would be carried out.

## COMPLETE PLANS FOR APPEARANCE BEFORE SENATE

(By Associated Press)

Washington, July 8. — Arrangements were completed today for the appearance of President Wilson before the Senate Thursday to present in open session the treaty with Germany.

In response to an official notification of the President's desire the Senate adopted a special order for appointment of a committee of five to express the Senate's willingness to comply. The order was offered by Senator Lodge, chairman of the Foreign Relations Committee and was adopted unanimously.

### HEAVY TEAMS ARE BOOKED BY NOON

Manager Carl Noon of the Athletics has booked some classy teams for the remainder of this month. The I. B. Martins will play here Sunday the 13th, with the Gallo-Tailors on the 20th, and the Springfield Allstars on the 27th. It is thought that no better array of semiprofessional talent can be secured.

The I. B. Martins defeated the strong Delaware team last Sunday by a score of 6 to 3. They scored 5 runs in the first inning and easily held the lead the remainder of the game. The locals are expecting a hard game when the Martins come here next Sunday.

Now will the world stay at peace?

### THOROUGHLY DEVASTATED LENS IS SHOWING SIGNS OF REVIVAL

Paris, June 16. (By Mail).—Lens, the most thoroughly devastated town of the war, is showing signs of revival. When The Associated Press correspondent visited this erstwhile busy coal mining center of the department of Pas de Calais early this year, it still looked as though a set of giant sledgehammers had pounded the whole place to atoms. To the west of it lies the grim battlefield of Loos, which has curious appearance of a petrified sea. The soil has been plowed up in an extraordinary manner by thousands of poisonous gas bombs, which have tinged the sparse vegetation an unhealthy gray.

Before the war, Lens had 30,000 inhabitants. When the correspondent visited the locality in its state of hopeless desolation, there were only three sturdy optimists left, who led a cave men's existence among the ruins. Their nearest point to get food was Bully-Grenay, ten miles

away, and there was no transportation.

Things have been mending since. Today, about 3,000 of the exiled inhabitants have returned. They are housed in corrugated iron huts formerly used by the British army. The cleaning up of the place, begun by Chinese and German prisoner work squads, is taking on more speed. The apparatus have been laid bare. The cellars and underground shelters which have been occupied by homeless "househunters". Even building of a sort is going on; the material used being such odd bits of wood, stone and iron as were still serviceable in the huge rubbish heap that once was Lens.

In the Pas de Calais department alone, 150 townships and villages are in the same plight as Lens, or nearly so. The task of making these places fit to live in again is a herculean one. Labor is available in adequate numbers, but to lodge and feed the men is a great problem. The latest suggestion is to use covered army motor trucks as temporary shelters for the workers by whose efforts Lens is to arise from its ashes.

### NEW PASTOR COMES TO ST. ANDREWS

Rev. Mueller of the Kenyon Theological Seminary has been secured by the St. Andrews Episcopal Church of this city to fill the vacancy in the pulpit caused by the resignation of Rev. David W. Barre.

Rev. Mueller is a young man of the highest ability and the local mission feels very fortunate in securing this promising young minister.

Rev. Mueller will fill the pulpit during the summer months and it is announced that he may return to Kenyon in the fall to continue his studies in more advanced work.

### ASPHALT STREETS

(Continued from page one)

**Paving on East St.**  
Mr. Reid, while on the floor, asked council to again take up the matter of improving East street south of the Dahl-Campbell plant, stating that although legislation had been passed at one time and the contract even let, that no attempt had been made to pave the street, although virtually the entire cost is assessed against the Dahl-Campbell Branch and Pennsylvania railroad. He asked that the street be paved with asphalt at the same time the other streets are resurfaced.

#### Appoint Committee.

The Service Committee, which was delegated with authority to name a committee to examine the books of The Washington Gas & Electric Company with a view to establishing whether or not the application for increased electric rates was justified, filed its report, and this was accepted by council.

A. J. Foster, of Columbus, John McFadden and E. A. Ellis, of this city, were named in the report as the examining committee, and the service committee recommended that a contract be entered into with The Washington Gas & Electric Company for paying the expense of the committee, and that the examination cover a period of five years.

#### Appropriation Ordinance.

The semi-annual appropriation ordinance was presented and passed and appropriates the following for the several funds:

General, \$2467; Safety, \$2970; Service, \$11,570; Library, \$1,060; Health, \$1510.

At this juncture, while discussing Health Fund needs, President Soddors stated that further complaint about the sewage system of the city had been received.

#### The Annual Budget.

The annual budget resolution for the fiscal year ending July 1, 1920, was presented and passed and the various amounts for the respective funds are:

General, \$5000; Health, \$2000; Service, \$25,000; Safety, \$11,000; Library, \$2,120; Sinking, \$29,000.

#### Mayor's Report.

Mayor Dahl's report for the month ending June 30th showed collections as follows: Fines, \$42; Costs, \$42.30; Licenses, \$22; a total of \$107.30.

#### Auditor's Report.

Auditor Hitchcock's report for the month of June showed balances on June 30th as follows:

General fund, \$838.42; Safety, \$941.47; Service, \$3062.64; Health, \$24.66; Library, nothing; General Sinking Fund, \$742.08; Special assessment, \$5265.13.

#### More Water Plugs.

Upon motion by Veal the Service Director was authorized to contract for two fire hydrants on Highland avenue.

#### Railroad Crossings.

Attention was called by President Soddors of the very bad condition of the B. & O. railroad crossings in the city, and it was urged that definite action be taken to have the crossings placed in something like proper passable condition. This will be taken up at the Thursday night session. It is understood.

#### Joint Session Held.

Proceeding the session of council a joint session of the Union Township Trustees and Council was held to hear Cemetery Superintendent Gosard's report. The report showed receipts of \$1280.65 for the past three months, and expenditures of \$2084.19 during the same time. Thirty-six burials were made in the Washington cemetery during the three months, and 79 for the six months ending June 30th.

### TOLL OF RIOTS

Munich, June 12.—(Correspondence of the Associated Press)—Five hundred and fifty-seven persons were killed in street fighting during the Communist insurrection from April 30 to May 8. The casualty lists reports that 38 government troops, 185 Red Guard troops and 377 civilians were killed and 303 wounded. One hundred and eighty-six were executed of which 42 were insurgents and 144 civilians.

Lloyd George has once more taken up the Irish question, but he may again find it too hot to handle.

## Why You Should PLAN YOUR BUILDING NOW

The best authorities on building material advise that there will be NO drop in prices soon. The chances are more likely that an advance will occur.

## Don't Delay Improvements In Hope of Reduced Prices

Delay means that the building you want to improve will deteriorate more rapidly if neglected. This will cause greater expense later.

## RUMANIANS HAVE SENSE OF PRIDE

Bucharest, June 2.—(Correspondence of the Associated Press)—Red Cross Field workers here have noticed that one of the most striking traits in the Rumanian people is their sense of pride. With all the misery and poverty of the poor, they never beg. They are always content with what the Americans give them.

At the distribution centers there is never complaint, protest or clamor. The Rumanians are always grateful for what they get, however little it may be. Probably no people on earth endure hunger and suffering with more resignation and patience.

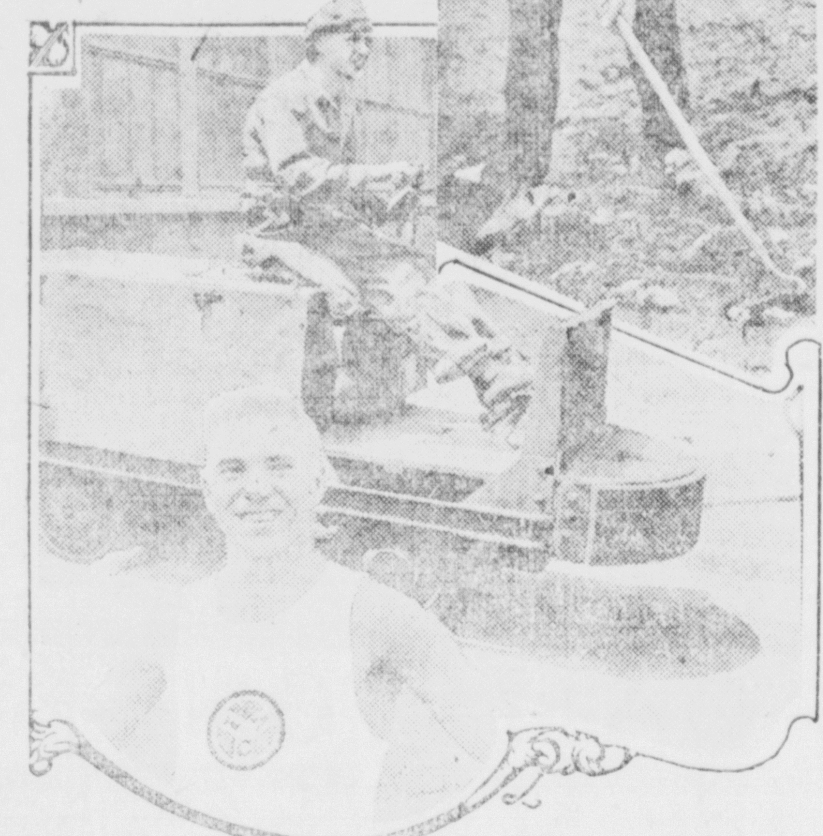

## DISCONTINUE BREAD TICKETS IN FRANCE

Paris, June 14.—(Correspondence of the Associated Press)—Use of bread tickets has been discontinued in France, and food cards are now only needed for sugar. The Minister of Food states that the cost of printing and distributing the various cards during the war was nearly \$4,000,000.

Yet the earthquake in Italy was as nothing compared with the shake-up in Germany.

## FORMER KAISER HAS ABUNDANCE IS WANTING MORE

Had Immense Sum in Cash on Deposit in Holland Banks.

Is Endeavoring to Hold Fortune in Real Estate in Germany

Amerongen, June 14. (Correspondence of the Associated Press)—The former German Emperor has been discussing his financial problems for more than a week with Doctor J. Kriege, who has been in charge of the imperial estates and funds in Germany since the Hohenzollern abdication.

Dr. Kriege, one of the former German functionaries of the German Foreign Office, has been here in conference with Herr Hohenzollern when the latter was not engaged in wood-sawing. The Marshal of the German Emperor's court, VonGontard, also participated in the discussions.

The former Emperor is not short of money, as he possessed a considerable amount on deposit in Holland before the war began. This was added to appreciably while hostilities were in progress. During the few stirring weeks preceding his abdication, William and his followers transferred further large sums in ready cash.

But William is troubled as to the fate of his real estate. He possessed no fewer than fifty-five castles, hunting boxes and country seats scattered over the Empire. The revenues of these properties are for the present at least in the hands of the new government, which hitherto has paid from their proceeds all Herr Hohenzollern's bills, forwarded to Berlin for settlement. These accounts have been quite formidable, as the Imperial refuge is called to pay for everything he consumes, as well as for his accommodation and the upkeep of his suite, besides paying the wages of the gardeners and domestics of the Bentinck estate who render him services while wood-cutting or in the household.

The expenses of the Dutch guard of gendarmes on duty around the castle also fall on the Hohenzollern purse. The German government's intention concerning the former Emperor's private fortune cannot be gleaned here. Germans recently from the Fatherland declare there is a great deal of purely personal sympathy for William among all classes and that it is likely he will receive a large portion of the value of what he owned. They say that it is probable that most of the castles and country houses will be sold and the cash result paid to William's account, but a number of them may be retained as government property to be used for the purposes of local government headquarters. This they consider an equitable arrangement which will not deprive the emperor of his rights as a private citizen as, they believe, would be the case if his property were confiscated.

## ALL EDUCATIONAL BODIES SOON TO BE AFFILIATED

Milwaukee, Wis., July 3.—Complete reorganization of the National Education Association and affiliation with all other educational bodies within a year was predicted by President George D. Strayer in his address before the annual convention here today. He said that such affiliation would bring the Association's membership to 500,000.

"The time is at hand when we must act," he continued. "The profession must be one hundred per cent efficient in determining educational policies. The teachers must help to rewrite state constitutions, draft educational codes and encourage all laws providing for public welfare.

"All of America's children must be insured the kind of teachers that the most intelligent parents want for their boys and girls."

Leading educators will discuss the lessons of the war and educational needs of the future before the convention, which will continue for one week and which will have as its keynote, "development of the new democracy as it applies to the public schools."

## TEACH ALIENS AMERICANISM

Milwaukee, Wis., July 3.—More than 200,000 foreigners are given Americanization courses in public school classes annually according to Raymond F. Crist, Director of Citizenship of Federal Department of Labor, who spoke today before a group meeting at the National Education Association's annual convention. He advocated extension of the federal plan of Americanization through wide use of school houses.

The rank and file of classroom teachers were given an inning today when for the first time in the Association's history a kindergarten teacher and a rural teacher appeared on the program.

## Mr. Taft's Question

Speaking at the great Methodist Centenary at Columbus last week, ex-President Taft asked the large assemblage, which heard his address, if they thought that God had given us Americans all the blessings we enjoy, all our strength, all our wealth and all our abundant opportunity to appropriate to our own use and to selfishly enjoy it alone, or whether they thought it was our privilege and duty to use our wonderful advantages to help other nations and other people, not so blessed as America.

There is but one answer to that forcefully presented thought-compelling question propounded by one of our greatest statesmen.

It is America's duty and privilege to carry her God-given blessings to all people wherever possible. The Creator has provided us with the ability and the means of helping the world. We would not be true to the greatest trust ever given into the keeping of men if we failed to respond to the great call of the world and do all possible to relieve the sufferings of the unfortunate, carry light into the dark places of the earth, assist the imprisoned peoples to freedom and the opportunity to become mentally, morally and physically clean, wholesome human beings.

Some of our statesmen pretending to hold a narrow, selfish view of our national destiny and obligations, would do well to consider Mr. Taft's question and answer it honestly, conscientiously and govern their conduct accordingly.

Any statesmen who conscientiously considers and answers that question will not go far astray, seeking popularity, on any of the great questions confronting the nation at the present time.

This nation is not going to fail in the attainment of its destiny and no public official can check the currents of events which have been running since man was created with the ability to discriminate between right and wrong.

Destiny can't be turned aside by the selfish ambition of a few men.

An honest answer to Mr. Taft's question will point the way through many present difficulties which confront the ambitious individuals seeking political preferment or partisan advantage.

## The Cincinnati Reds

Cincinnati is a base ball bedlam right now. The Queen City is passing through one of those periods which come to our American cities, large and small, some time when the representative base ball team is battling for the highest honors in the great national game.

Everybody is talking base ball, watching the score boards when the team is on the road playing rivals in other cities, or trekking out to the ball park to see the game. Business and social engagements can wait now until the day's game is played.

All that happy condition is because the famous Reds, as Cincinnati's ball club has been known since back in the early seventies, a name given the club because of the color of the stockings worn by the players, are now fighting for the lead in the national league pennant race.

In the years gone by, only once since the famous Red stockings of 1870 triumphed over all opponents, has the Cincinnati club annexed a pennant. That happy event occurred in 1882, so long ago that present day ball fans have forgotten it.

## Borah Again

It is possible, though scarcely probable, that some day Senator Borah will find something of which he approves.

The numerous proposals made now days regarding each one of almost numberless problems which are pressing for solution make it next to impossible for any normal man, even for members of the United States Senate, to disapprove of every suggestion.

Of course we all realize, by this time, that Senator Borah is abnormal—he is the great objector. The sole purpose of the Idaho Senator seems to be to object to every suggestion made, no matter what the suggestion and no matter upon what the suggestion reflects and no matter, either, the consequences.

Borah seems to be carrying his personal grievances against President Wilson to greater extremes than any one of the other opponents of the administration in the Senate. Now he denounces bitterly America's pledge to aid France.

Those senators who persist in acting upon the theory that those Americans who are not in accord with President Wilson will oppose every proposal made by him, are fooling themselves. The American people are not going to place the nation in a false light before the world simply to gratify the pride of a few senators. Most of them realize that, and Borah is fast getting into a company which will very shortly, if it does not now, consist only of himself.

## POETRY FOR TODAY

OUT OF FIRE.

What wondrous love from out this war has sprung;  
Love for the aged, and for babes denied  
The boon of hope; for girls who glorified  
The mental tasks, and women brave among  
Horrors and perils; for the boys who flung  
Their bodies to the guns, and those who died—  
Dearest of all, who in our hearts abide  
Forever holy and forever young!

Great loves are these, indeed, but greater still  
One high devotion must our spirits claim—  
Love for our country. Pure affections thrill  
Our thoughts at merest mention of her name.  
For her this hope, and this our truest will:  
A love made perfect in the test of flame.

## RUSSIANS ADOPT ONE UNIFORM FOR THE ARMY

Archangel, May 23. (By Mail)—The khaki uniforms of the British type that have been adopted by the North Russian government for its soldiers have now, with only a very few exceptions, replaced the dozen or more varieties of fancy military dress that were common in the early days of the fighting against the Bolsheviks on this front last September.

This little matter of standardizing the uniforms typifies the efforts that have been made to organize a Russian army in the north. Only three units are now out of khaki the French Foreign Legion, Russians who wear the French light blue and the Polish Legion, also wear light blue and with strange four-cornered peaked caps.

Even the Cossack troops have had to give up their gaudy colors and flaming-striped trousers for the khaki. The Slavo-Britannic legion officers wear the British uniforms, "pips" and all, as grade markings, but the other Russian officers wear the old Russian shoulder stripes on British cut coats with the Sam Browne belt.

A startling contrast to the well-uniformed government troops are the Bolshevik prisoners who are brought in, from time to time, to Archangel. Most of them are without any uniform at all, wearing their peasant clothes, while some have queer mixtures of the dress of half the nations of the world.

## Why We Love Cream Soups

ALL my family—Father and the children, too—love my cream soups. Tomato, potato, pea—no matter what it is, it tastes good. And it satisfies them almost better than anything else, for less money.

The Secret? I use Every Day Milk.

I found out that one bright tin of Every Day Milk had in it all the cream, all the butter-fat, all the nourishment, of over a quart of rich milk. You see, most of the water has been taken out, making it richer and creamier—nothing has been added. No wonder my soups are good.

And besides, I don't have to worry about ice man or milk man. I save money. I buy no more cream, for Every Day takes its place in coffee and on cereals.

Be independent of the ice man and the milk man. Every day use Every Day—the safe and pure milk.

## Centenary Celebration Columbus

(OHIO)

Remember this great Centenary Celebration closes its gates on Sunday, July 13th.

Described by William C. Freeman, Associated with Paul Block, Inc., New York, Chicago, Detroit, Boston.

The Centenary Celebration Columbus, is open on Sundays—except there is no charge for admission and none of the buildings in which the special exhibits are stored are open to the public.

Yet Sunday is a wonderful day to visit the Exposition.

I spent Sunday afternoon, June 29, in the Coliseum, State Fair Grounds, which seats, as you know, 7,500 people—and it was one of the richest experiences of my life.

I am old enough to go back to the days when, as a young lad, I heard Dwight L. Moody, the evangelist, and Ira Sankey, the sweet singer, hold forth in Madison square Garden, New York.

I remember very well the great crowds that attended these meetings and I was tremendously impressed with the great chorus of voices that joined Mr. Sankey in singing.

To my young mind everything seemed to be very wonderful.

An impression was left on my mind that has never been erased from my memory.

But the meeting in the Coliseum at Columbus, under the auspices of the Centenary Celebration, gave me two hours of the greatest inspiration I ever experienced in my whole life.

The playing of that wonderful orchestra—the Cincinnati Symphony Orchestra of 75 pieces—thrilled everybody. Accompanied, as it was, by the music from the great pipe organ installed by the Centenary management for this occasion, at a cost of \$50,000—also accompanied by the singing of the great audience which filled the Coliseum to capacity—the occasion was most inspiring and stirring.

I heard two wonderful talks by two remarkable men—one of them delivered by Rev. John A. Rice, D. D., Sumpter, S. Carolina, and the other by Rev. Lynn Harold Hough, D. D., President of the Northwestern University. The address of Dr. Hough was the most remarkable and most intellectual interpretation of the Bible I ever heard.

Sunday, June 29, had been set apart as Bible day.

There was a big crowd in attendance at the morning service—a larger crowd at the afternoon service, and still a larger crowd at the evening service.

But there were services of an impromptu nature held in all parts of the State Fair Grounds where the Centenary Exposition is held—and they had a wonderful effect on the great crowds that could not be accommodated with seats in the Coliseum.

I never heard such sympathetic, powerful and wonderful singing as I heard on this occasion.

I was brought up a Presbyterian, and in my young days I recall that there was not the best of feeling existing between the people of the Presbyterian and Methodist faiths.

But what a change has taken place in recent years! What unity exists now among peoples of all faiths!

Why not? Why should people quarrel about the routes they take to heaven? Aren't they all traveling the same way. Haven't they the same purpose in view? At any rate I found my Presbyterian faith in harmony on this occasion with the Methodist faith—and I said to myself every Presbyterian, every Methodist, every Congregationalist, every Lutheran and everybody of every other faith should attend this Centenary Celebration.

Don't fail to attend the Centenary Services next Sunday.

Don't fail to attend this remarkably interesting exposition on any of the seven days of the week, for it is very much worth while.

People living in the City of Columbus—250,000 of them I understand—have a greater advantage than you who live many miles away from Columbus.

The home town people of Columbus—EVERYONE OF THEM—should attend this Centenary Celebration not once but many times, because never before in their lives have they had brought to their doors anything so inspiring or instructive or entertaining.

Remember that admission for all day, is only 50c, which permits you to see everything without extra charge—and in the evening the only additional charge is 50c, if you wish to see the great pageant staged in the Coliseum.

## RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

Just twenty-five years ago the fourth of July 1894 Ellen Willis and Henry Purcell were united in marriage. In honor of their Silver Wedding their charming daughter Edith gave a delightful anniversary surprise at their home near Sabina.

The dining room and veranda were decorated with flowers, festoons of pink and white crepe papered and Japanese lanterns.

After a most enjoyable evening of music, furnished by Mrs. Leota H. Griffith, of Sabina, and games and the renewal of old friendships, a light lunch of ice cream, cake and punch was served.

Many beautiful pieces of silver were given, and the high esteem and appreciation shown by their many friends was fully reciprocated.

Among those present were: Mr. and Mrs. Frank Weaver, of Washington C. H.; and Mr. and Mrs. Emmet Martin of Sabina who were with Mr. and Mrs. Purcell upon the happy occasion 25 years ago. Mr. and Mrs. D. T. Patton and family, Mr. and Mrs. J. W. Brannon and family, Mr. and Mrs. John Smith and son Marvin, Mr. and Mrs. H. C. Sprague and family, Mr. and Mrs. Harry Hays and daughter, Ho, Mr. and Mrs. Harvey Burris and daughter Margaret, Mr. and Mrs. Harry Anderson and family, Mrs. Susan Willis and daughter, Adda of Sabina; Mrs. Anna Moore, of Sabina; Mrs. F. H. Schwartz, of Washington C. H.; Mr. and Mrs. Frank Weaver, of Washington C. H.; Mr. Marion Marshall, Mr. and Mrs. Loren Conner and family, Mr. and Mrs. Ratio Hinkson and daughter, Dorothy of Dayton, Ohio; Mr. and Mrs. Harley Stratton and family, Mr. and Mrs. Simon Stuckey and family, Mr. and Mrs. Ed Stivers, Miss Mary Ferguson, Mr. and Mrs. Ralph T. Roush, Mr. B. H. Coffey and family, Mr. and Mrs. John Ragen and family, Miss Nellie Moore, Miss Carrie McNeil, of Reesville; Mr. and Mrs. C. E. Elwood and daughter Cleota, Mr. and Mrs. J. A. Purcell and family, Mr. and Mrs. E. E. Martin and daughter, Ethel of Sabina; Misses Ollita and Helen Smith.

Mr. and Mrs. Orley Pollard and family, Miss Louie Ella Martin, Mr. Earl Anderson, Miss Violet Hawkins, of Wilmington, Ohio; Mr. and Mrs. Cary Burton and son Herbert, Mr. and Mrs. Thomas Hays and family, Mrs. Letitia Purcell, Mr. and Mrs. O. Mineola, N. Y., July 8.—(Bulletin)—The start of the return trans-Atlantic cruise of the R-34 was today deferred from early tomorrow morning, the hour which had been fixed for her departure, for at least 15 and probably 24 hours.

(By Associated Press)

Mineola, N. Y., July 8.—Major G. E. Pritchard, executive officer of the R-34 after inspecting the dirigible's engine at 9 a. m. today, said all repairs would be completed by 9 o'clock tonight.

With favorable weather, he said, the R-34 will be ready to start at daylight tomorrow.

Major Pritchard said the airship would take the southern track, 400 or 500 miles north of the Azores.

BAD WEATHER AHEAD OF R-34

(By Associated Press)

Washington, July 8.—Delay of at least 48 hours in the start of the return flight of the British dirigible R-34 was recommended today by the Weather Bureau in a forecast sent to the ship at Mineola, Long Island, by the Navy Department.

# Untruthful Advertising

For years, certain mail order houses who handle lumber and mill work have preyed on the public and secured orders for their goods largely through dishonest advertising.

In a recent decision the Federal Trade Commission of the United States Government ordered a certain mail order house to desist from using unfair methods. Why? Because the government was a heavy purchaser of lumber products during the war and they knew from experience that certain mail order houses were making false statements in their advertising.

By the terms of the order the mail order house, its officers and employees must cease and desist from publishing and circulating among the trade statements in catalogues, letters and advertisements which represent: First, that said mail order house saves for all purchasers of its products 25 to 50 per cent of the cost of such commodities. Second, that builders, contractors and carpenters find they can and do reduce the cost of building by one-half by purchasing from said mail order house. Third, or any statements similar thereto which tend to deceive and mislead purchasers and the general public.

Your home lumber dealers have known for years that the mail order houses could not make good on their false advertising and it has finally remained for the United States Government to stop their unfair practices. These mail order houses are not performing any miracles; they advertise "direct from mill to the customer." These are smooth sounding words but everybody knows that pine trees do not grow on the streets of Chicago or any other large city. They have to buy yellow pine lumber from the mills located in the pine forests of the South and the other woods, such as Fir, Red Cedar and Redwood, from the mills in the Pacific Northwest, transport it to their warehouse in Chicago or other city, unload and reassemble and load into another car, thereby necessitating a double freight before the lumber reaches the customer.

It is for this reason that we know we can sell you any house bill which they offer for a certain sum at a saving of at least 5 per cent, or more likely 10 per cent under their price.

Now we cannot help the purchaser who will not do us the courtesy of allowing us to figure on the same floor plan as the mail order house before ordering. But, if you will bring the floor plan to our office we will have the material bill made up and guarantee same to complete the house. And we will not ask you to take our word for this. We will have the material bill made up by either the Curtis or Keith Companies, two of the largest architectural companies in this country.

Is this not a fair proposition? We are of your community. We cannot afford to make a statement to our trade that we can't make good.

We have a large investment here and are anxious to serve our customers so well as to merit their continued good will.

PEACE CONFERENCE IS NOW DEBATING THE TURK PROBLEM

The fate of Turkey is now being debated at the peace conference. It is said that America may be urged to accept a mandate over Constantinople and Armenia, but not over Anatolia, leaving that as the remnant of the old Turkish empire.

1—Constantinople; American mandate here would insure the world open entry to the Black sea. 2—Anatolia, which will constitute all left of Turkish empire. 3—Armenia, over which United States may accept mandate. 4—Smyrna and its vicinity, which possibly will go to Greece. 5—Strip of coast which peace

conference may give to Italy. 6—Palestine, to be independent, possibly under British protectorate with consent of league of nations. 7—Syria to be independent under French protection. 8—Mesopotamia, over which British will have mandate. 9—Hedjaz, to be independent under British protectorate.

## CANADIAN DAY AT CENTENARY GLENN PRESENT

Reconstruction Program Carried Out with Notables Speaking  
Veritable Stampede for Pageant Tickets.

Columbus, O., July 8.—Honors were paid soldiers of the allied countries today, army day, at the Methodist centenary celebration with General Edwin F. Glenn, commandant of Camp Sherman, as the feature speaker.

Beginning at noon, a reconstruction program started, with representatives from Canada, France and Italy as the principal speakers. Today is also reconstruction and Canada day.

At the meeting beginning at 2:30 p. m. in the Coliseum the speakers for the reconstruction rally were Colonel Raymond Robins, who went to Russia as a member of the Red Cross commission shortly after the outbreak of the war in this country; Major Edward Dupont, French high commissioner, France; Captain Felice Caccoponte, Italy; Signor Riccardi Santi, Italy, and Dr. G. D. Chown, Toronto, president of the Canadian Methodist Church.

Although word was received yesterday that President Wilson will scarcely be able to visit the centenary officials refused to give up hope that he eventually will announce his coming.

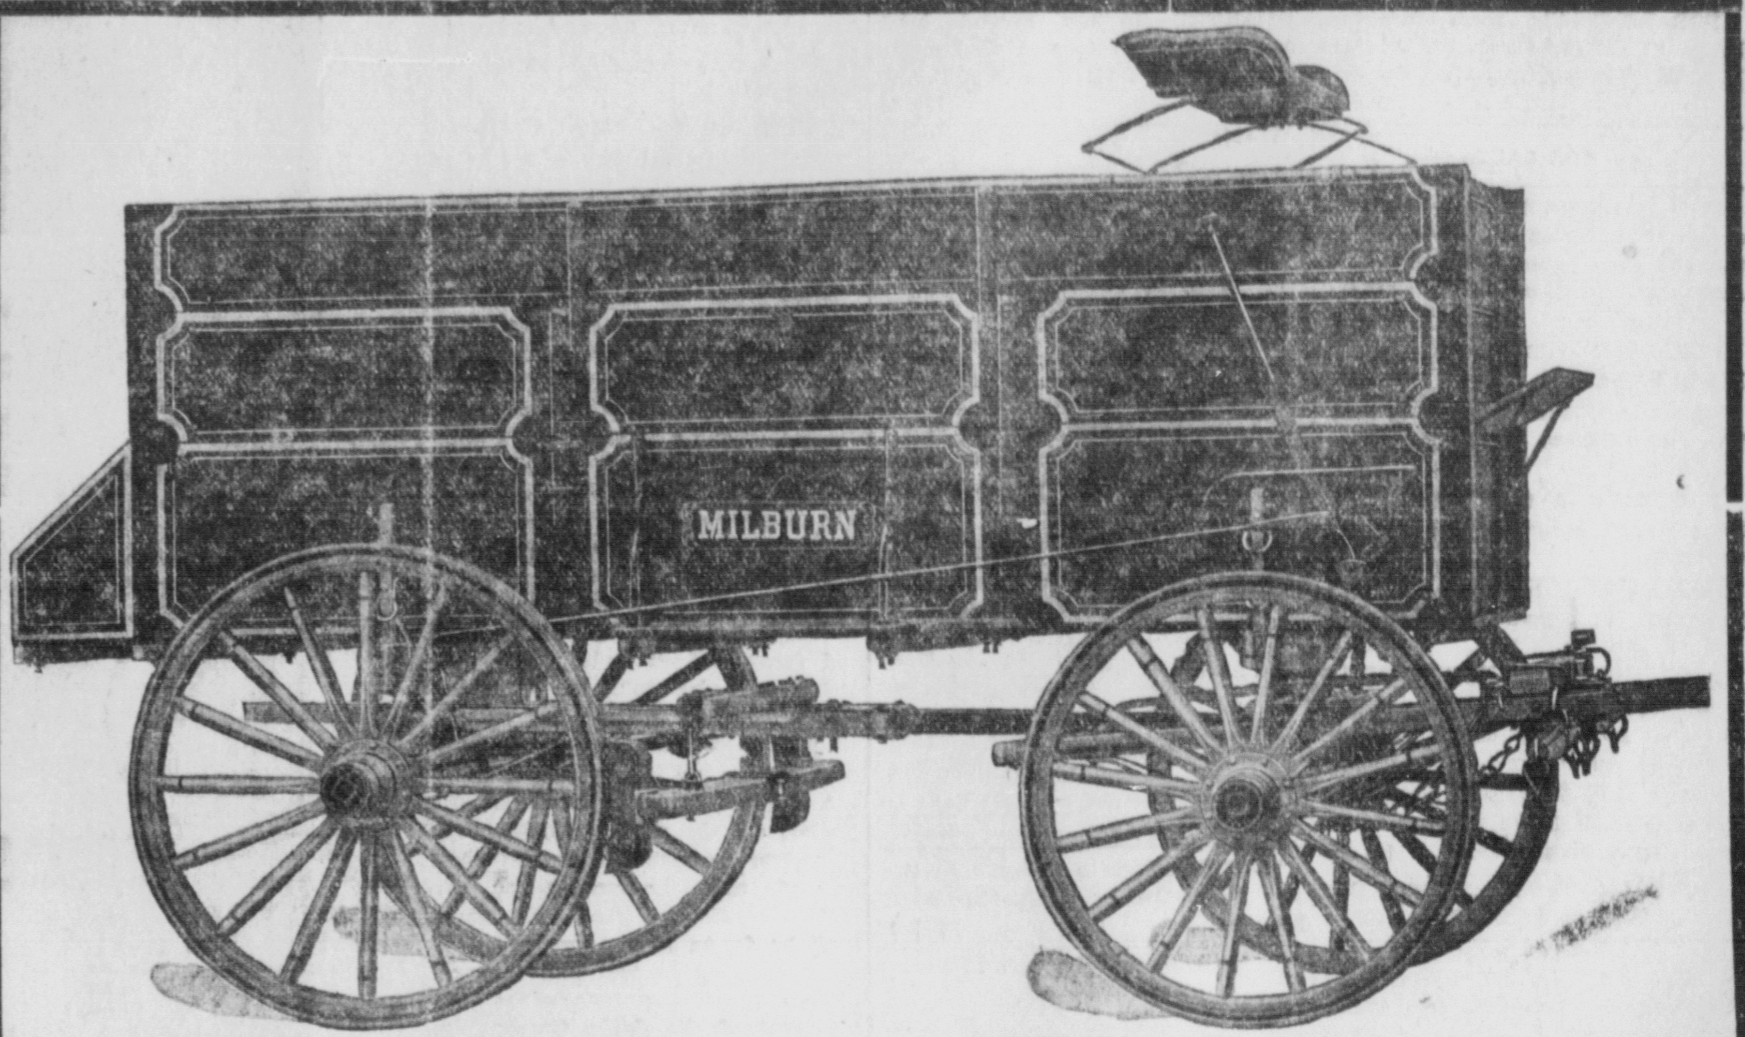

To determine the position of the Methodist church on introducing motion pictures into churches throughout the country, a number of motion picture men were in conference today.

The big question at the centenary yesterday was tickets for the pageant, "The Wayfarer." Offices were stamped for both tickets and reserved seats. Ten minutes after the offices were opened yesterday morning the 1000 reserved seats put on sale for last night's performance were sold out.

Efforts was even made to obtain reserved seats yesterday at prices above the original set. Counties sent requests yesterday by the hundreds for tickets for Saturday.
